IT IS OVER, SHILLS. YOU ARE GOING TO PRISON.
Attorney General Jeff Sessions has announced an investigation into the use of federal money to fund radical left-wing advocacy groups. In making the announcement Sessions cited that at least six billion dollars was funneled into what was essentially a slush fund for Obama's army of street activists. It's almost a certainty that that amount is going grow significantly.

He needs to keep his nose clean, and slightly reduce alcohol consumption.

Popmeo has completed The Mission.
Those operators directly responsible for the missile launches have paid with their lives.
Those above them will be retired shortly.
Same with their allies in the Saudi Governate, as well as those in the U.S. and elsewhere.
There will be no Globohomo war and resulting Chaos in which you can hide and cover your misdeeds.
There will be a clear and concise Peace which POTUS will Enforce, in which enemies if The Republic will continue to be quietly and methodically hunted down and Retired.
